

Cyber Security

"Cyber Security is the biggest threat to the world economy over the next decade."

We, at DPS Mysore in association with the Cyber Peace Foundation organized a two-day webinar on 'Cyber Safety' (Cyber Ethics and Digital Well-being) for the students of Grade VI to XII. Cyber Wellness is a broad term that is inclusive of Cyber Ethics, Cyber Security and Cyber Safety.

The webinar aimed at providing Cyber safety education to our students. It informed them about the need to acknowledge the benefits and opportunities offered by the online world, while understanding the risks and avoiding potential harms. The students found this to be an extremely insightful learning.
